Here are some ideas of how you and your organization can get involved:
1. Host an activity station for kids and youth participants
2. Help turn out kids and youth to the event
3. Volunteer your time, or staff time for planning and logistics prior to and during the event
4. Provide take aways for kid and youth participants (i.e water bottles, energy bars)

The **Outdoors Alliance for Kids** is a national strategic partnership of organizations from diverse sectors with the common interest in connecting children, youth and families with the outdoors. OAK’s members are brought together by the belief that the wellness of current and future generations, the health of our planet and communities and the economy of the future depend on humans having a personal, direct and life-long relationship with nature and the outdoors. OAK represents over 70 organizations.
