

Dear Congress,

I like to be outside because _____

You can help kids like me connect to the outdoors. By passing the Outdoors For All Act, Transit to Trails Act, and providing \$25 million in funding for the Every Kid Outdoors program, we can help kids across the country access parks near home and enjoy our national parks and public lands with their families.

I'm doing my part to ensure kids like me can explore our natural world and enjoy time outside.

I urge you to support these programs today.

Sincerely,

p.s. You can learn more about these programs by scanning this QR code!
